

Quantity Estimation

Please do NOT use any external resources (e.g. internet, books, friends, etc.) besides whoever is in your chatroom. Your answers will NOT impact your bonus in any way.

Estimate the following quantities:

1. Percentage of air we breathe made up of nitrogen
2. Weight of average white American female in her twenties
3. Average American household income in August, 2008
4. Population of the U.S. in 2009
5. Population of India in 2009
